

Orienteering Hutt Valley presents the 2017...

Akatarawa Attack

The Ak Attack alternates between the full-on mountainbike expedition into the rugged Akatarawa Ranges near Wellington and a “somewhat” easier rogaine nearby. 2017 is a “NOT” Akatarawa year! But don’t expect an easy ride!!!

Bike, Foot or Both

Run to new-style rules - you don’t need to stay with your bike - some controls only accessible on foot. This adds a new dimension, you can do it ALL on foot if you wish! (Footies have been really competitive under these rules.) Still the same 8 or 4hr rugged navigational challenge, with hills, 4WD track, single-track. Bush, open land. Did I say hills?
